Introduction for Players

Commencing this year, we have changed to an electronic registration system for summer soccer. It will be a little slower this year but after that each time a player comes back to the comp it will be much faster and easier as their information will be remembered.

Please tell me about problems you have and we will get them fixed quickly

If you have a feature you think might be useful, e-mail to me and we will look at incorporating it into the system

You will have received an invitation to play in the six-a-side competition. Having followed the link to here, you will want to register in the competition.
